

# Night & Day ❄️

## Snow Emergency plowing

**Saint Paul has a new plowing policy and will now declare Snow Emergencies after snowfalls of 3" or more OR an accumulation of 3" of snow over several days.** All streets are either Night Plow Routes or Day Plow Routes. Night Plow Routes have red and white plowing signs like the ones below. Day Plow Routes don't have plowing signs.

### Night plowing

**When:** 9 p.m. to 6 a.m. the night a snow emergency is declared.

**Where:** The busy streets – marked with signs that say NIGHT PLOW ROUTE **plus** one side of north-south residential streets with signs that say NIGHT PLOW ROUTE THIS SIDE OF STREET.

### Day plowing

**Day Plow Routes have no signs.**

**When:** 8 a.m. to 5 p.m. and normally following night plowing.

**Where:** East-west residential streets **plus** one side of north-south residential streets – the side **WITHOUT** night plowing signs.

**Note:** There are some exceptions to these rules. They're all well marked.

**Parking is banned until snow is plowed all the way to the curb on these routes.**

The City now tickets and tows cars before the plows begin. **The fine for a "snow tag" is now \$40.** Towing can result in substantial towing and storage fees.

**Avoid a ticket and tow!**

To find out if a Snow Emergency is in effect, listen to the radio, watch TV newscasts and read newspapers – or call **266-PLOW** the 24 hr. snowplowing information line. Snow plowing information is also on the City's web site at <http://www.stpaul.gov/>
